Future Plan

1. Modernizing of existing production facilities.
2. Expansion in the field of energy specially renewable energy and power Electronics.
3. Looking for strategic partners in investment and technology.

Investment Opportunity in

Electronic Industries Co.

Investment Opportunity in Electronic Industries Co.

Introduction:

Electronic Industries Co. is a mixed sector co. (that mean's shares holders are state establishment, private sector establishment and persons) under supervision of the Ministry of Industries and Mineral.

Mixed sector companies established to encourage private investor to invest in medium and large projects to develop industries.

The co. exiting under the Iraqi law No. 21 for year 1997 for mixed and private sector companies, also the low No. 13 for year 2006 to encourage investment in Iraq and safeguard them and their benefits.

Business Opportunity

- The Investor shall rehabilitate or rehabilitate and manage the plant at his expenses in exchange production sharing for negotiated period of time. This also may lead to a Joint Venture (J. V.).
- The investor will operate or operate and manage the plant through the period of rehabilitation and after word, including supply and transport of materials, operational and secondary materials etc..
- The investor is free to sell products to whomever and at price he chooses.

Advantages of joint Venture

- * Less cost expense compare to new Investment.

A robust infrastructure is in place, over 100 million Dollars invested in machinery, building and land to date and future expansion is there.

- * Full support of Government of Iraq

With law 13 for year 2006 Iraqi Government support the investor in Iraq with full support.

- * Existing Customer Base.

The company (EIC) has base of both government and private buyers, with name of good quality product over a long period of time.

Conclusion – Advantages Outweigh Disadvantages of Operating in Iraq with EIC.

Factories Overview

Factory	Design Annual Capacity
TV, Radio, Smart phone	500 000 units
PC and Tablets	200 000 units
Telephone	200 000 units
PABX	100 000 line
Power Supply/ invertors	50 000 unit
Transformers and Coils	50 000 unit
Printed Circuit board (PCB)	3000 m2
Metal parts	200 Tone
Plastic moulding parts	Max shoot 6Kgm

Guarantees to Investor

- Exemption from customs duties according to investment law 13 for year 2006.
- Entry / exit visas and residency permits.
- Product marketing freedom.
- Full compensation in case of termination.
